

STANDARDS & CERTIFICATION

Meeting of the BPV III Working Group Valves

Date: 16 Feb 2016 Time Duration: 0800 AM - 1300 PM
Breaks: Two 15 minute breaks at 1015 and and Lunch Break from to ;
Total Meeting Time: 4 3/4 hours

Scope of Technical Content: The WG Valves has the responsibility to develop, review, coordinate, approve, and maintain construction rules for publication in the ASME Section III, Boiler & Pressure Vessel Code. These construction rules are applicable to valves (including pressure relief types) for use in nuclear power plants and other nuclear facilities. This applies to Interpretations, Code Cases, and Appendices applicable to valves. Construction, as used in this charter, includes material, design, fabrication, examination, testing, and inspection.

X Professional Development Hours (PDH) are made available to the following members of the BPV III Working Group Valves in attendance:
