CURRENT WORDING (2019 Edition)
From Article 1
T-120 (page 1)

T-120 GENERAL

(a) Subsection A describes the methods of nondestructive examination to be used if referenced by other Code Sections or referencing documents.

(b) Subsection B lists Standards covering nondestructive examination methods which have been accepted as standards. These standards are not mandatory unless specifically referenced in whole or in part in Subsection A or as indicated in other Code Sections or referencing documents. Where there is a conflict between Subsection A and Subsection B, the requirements of Subsection A take precedence.

(c) Any reference to a paragraph of any Article in Subsection A of this Section includes all of the applicable rules in the paragraph. In every case, reference to a paragraph includes all the subparagraphs and subdivisions under that paragraph.

(d) Reference to a standard contained in Subsection B is mandatory only to the extent specified.

From Section V (page 921)
Endnotes 1 and 2

1 For example, reference to T-270 includes all of the rules contained in T-271 through T-277.3.

2 For example, T-233 requires that Image Quality Indicators be manufactured and identified in accordance with the requirements or alternatives allowed in SE-747 or SE-1025, and Appendices, as appropriate for the style of IQI to be used. These are the only parts of either SE-747 or SE-1025 that are mandatory in Article 2. In many cases, Subsection B documents are not mandatory and are intended only for guidance or reference use.

NOTE TO EDITOR – The 2 new inserted notes above should be in smaller text, similar to that shown for current paragraphs T-274.1 and T-274.2.
