

**CASES OF ASME Y14 ENGINEERING DRAWING
AND
RELATED DOCUMENTATION PRACTICES**

THIS CASE HAS BEEN INCORPORATED INTO Y14.35 - 2014

Case: Y14-001

Y14.35M – 1997 (R2008); Revision of Engineering Drawings and Associated Documents

Para. 5.1 Revision Letters

Inquiry: Y14.35 – 1997 para. 5.1 states “Revision letters shall not exceed two characters.” As an alternative to para 5.1 may the alpha character maximum be increased to three characters to accommodate an increase in revisions being produced?

Reply: It is the opinion of the Committee that a maximum of three alpha characters may be used for revisions. Upper case letters shall be used in sequence beginning with A and omitting letters “I”, “O”, “Q”, “S”, “X”, and “Z” for single, double and triple revision letters.
