Title: Errata to delete reference to footnote for NACE Standard SP0115 in Appendix A-13

Rationale: In the 2018 Edition of the Code, the NACE Standard for cathodic protection design of offshore pipelines was revised from NACE SP0607 to SP0115 per Item 17-1667. However, for no apparent reason, the Publishers also included a reference to a footnote in Appendix A-13 denoting that this new NACE Standard was superseded, withdrawn or no longer in print. This is not correct and the reference to this footnote needs to be deleted.
